HELICOPTERS AFFECTED: UH-1H helicopters which are non-type certificated and owned and operated by other than an Armed Service of the United States.

DESCRIPTION:

Revision B supersedes and replaces all previous issues of Special Use (SU) Technical Bulletin (TB) SU-95-4.

Review of UH-1H fatigue and flight spectrum data has determined the P/N 204-011-400-129 Swashplate and Support Assembly is **not usable** on the UH-1H due to the differences in the individual detail component retirement lives.

This technical bulletin is cancelled and the previous authorization to use the -129 assembly is rescinded. Operators of UH-1H helicopters, as described in the **HELICOPTERS AFFECTED** block above, who have installed the P/N 204-011-400-129 Swashplate and Support Assembly under authority of previous issues of this technical bulletin, should refer to ASB UH-1H-15-12 for information on how to reconfigure their assemblies for continued operation.
